I'm not available until 3 pm. What exactly would we be meeting on? We are closing the loop with Larry on Monday. Wendy will have a draft outline by Monday (I assume this is of (1) the Secretary's revocation of earlier Secretarial RS 2477 guidance and (2) BLM IM advising field offices how to deal with RS 2477 inquiries, etc.) I don't have any objection to you two comparing notes, so if you want to go ahead at 2 pm that's fine, or if you think it would be a good use of my time, 3 pm. Thanks

Daniel Domenico

Dan -- Jim Karkut has filled me in on Larry's and Jim's discussions with Kane County and their work on road maintenance agreements. I'm also aware of the model they are developing. I'll be able to get a draft outline to all of you by Monday. Can we meet this afternoon at 2:00 or thereafter? Thank you.

Wendy

Subject: RS 2477 plan

Larry is going to be at DOJ most of today, so we may have to meet without him. I did speak briefly about what's going on, however. It may be that Larry's work with Kane County is developing what could be a good model for dealing with most of the issues we're talking about. I therefore suggest that, if we can't meet with Larry today, we try to get our outline/draft to him by Monday so he can see how it matches what's developing out there.

I'm available any time after 11:30 to discuss.
